A Little Respect – Willow Class – Anti-bullying Week 2024

I try to discover something that will make me kinder
Oh please respect me as well as others
As we respect you too
lets make a brand new world
And let's make it with kindness
Why you making me feel so down
Got to pick me up
Got to pick me up
Got to pick me up
Got to pick me up

People, I hear you calling
Come on now, please, give a little respect to me
And if I should forgive
Would you show your respect out to me
We can show peace and love
live in a peaceful community
I'll give respect to you
I'll show everlasting love
Could drive away the bullies
No matter creed or colour
Got to pick you up
Got to pick you up got to pick you up got to pick you up
Hope, I hear you calling
Oh please give me, give a little respect to me
I'm so annoyed with you
I'll be forever sad
If you show me no respect,
If you don't I'll show you how
How to show it all, how to show it all how to show it all
how to show it all.
Hope, I hear you calling
Oh Broughton, please, give a little respect to me x 2
