

# Autumn 1 Homework

Dear Parents,

This is the topic homework for Autumn 1. All homework is based around the topic of 'Survival'. Once your child has completed a piece of homework, please upload evidence of this to our Tapestry platform.

There are six activities that have been marked with either an (i) or a (h). This indicates which pieces are to be done by the children independently and which ones could require help. The deadline for homework this half term is Monday 17th October – we will then showcase our homework during the last week.

If you have any questions, please do not hesitate to get in touch.

Kindest regards, Mr Bentham ☺

**English**

Camp out in your garden (or think of a time that you went camping). Write a diary about:

- How you prepared yourself.
- How you kept warm.
- The noises that you heard.
- How you felt during the experience

**Geography/Science**

Follow the link below to create your very own ecosystem! You can use moss or you can use small seeds (such as mustard seeds) to plant. You will have your very own biome in your very own home!

https://www.shaverscreek.org/2020/04/08/create-your-own-mini-ecosystem-at-home/

**Geography**

Create a crossword based on the words below. Remember to give your reader a slight clue in the description, but do not give too much away!

Latitude, longitude, climate zones, weather, Prime Meridian, Greenwich Meridian, Capricorn, Cancer.

**Topic**

Using the Morse code, write a rescue message – make sure it includes important information, such as your name and location!

**Art**

Using any materials that you wish, create your very own camouflage. It must be based on a certain biome to aid your disguise!

**Maths**

Using a pedometer, track how many steps you take in one day. Calculate how many days it will take to climb:

Everest: 44, 250 steps.

Snowden: 5, 425 steps

Scafell: 4, 890 steps.
