PROJECT EVOLVE®

Project Evolve is a project that Broughton is taking part in. It supports the online development in children and young people. It helps to educate, guide and support children through their use of technology in their own online life. It establishes some of the fundamental building blocks around the right sort of education needed for their online development and wellbeing.

These are the units that will be covered in each year groups during each half term.

As they move through the year groups it will cover the same themes but in a more in depth knowledge as they move through the key stages.

Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Self-image and Identity	Online Relationships	Online Reputation	Online Bullying	Managing Information Online	Privacy and Security
